Actually, I like all types of music. But at the moment rap is my number one. Call it 'rap', or call it 'hip-hop', it's the same thing. *Public Enemy* are really good, and so is Eminem. I really respect some of the first hip-hoppers, like *Afrika Bambaataa*. The words are important. It's not just music — there's a message. You can dance and think at the same time!

The image shows the cover of 'Rock' magazine. It features a large, close-up photo of a woman with long, curly hair, identified as Farouk Jinn. The word 'ROCK' is written in large, bold, pink letters at the top, and '35c' is in the top right corner.

I haven't got pictures of *Selena Gomez* or *Justin Timberlake* on my bedroom walls. I don't like rap or indie groups either. I prefer my parents' record collection, and I know a lot about the history of rock.

My all-time greats are *Jimi Hendrix*, *Janis Joplin* and *The Beatles*.
