##### IN THE VILLAGE

My uncle lives in the countryside. The name of the village where he lives is Krasne. The village is not small, more than six thousand people live there. There is a train station in the village.

In the centre of the village there is a large square with shops and a cafe near it. The club is on the other side, opposite the hotel. The club has got a big hall where people watch films and concerts. There is a library in the club. In the evening people of the village go to the club and have a good time there. Sometimes they gather there to talk, sing and dance. There are two schools in the village.

The houses in Krasne are clean and nice. Some of them have got two or three floors. There is gas, cold and hot water in many houses.

There are a lot of trees in the gardens and lots of flowerbeds along the streets. The traffic is not heavy. There are some crossings and traffic lights opposite the train station.

I like to visit my uncle and stay in the village for several days.
