### EX.2.

B. Read again and write U for U2, M for Muse or C for Coldplay.

= BOOK

I am a huge fan of U2 and I've been to most of their concerts in Europe. A long time ago, in 1982, U2 went on the Rockport tour. I had the chance to see them in Oslo. At some point towards the end of their gig, U2 went off stage and the concert crew brought a giant ferret on the stage. I don't think I have ever seen anything like it! We all waited for the ferret to open, but it didn't. Something was wrong with it and the band got stuck inside! Some people in the crowd started laughing but it wasn't as comical as it seemed for the band. Peter Dinklage, 42

Muse is my favourite band - all members are so talented! You can't imagine how excited I was when they were brought to us to go to Portugal to see them live. That was on 2 May 2016 - a date I'll never forget. The concert in Lisbon was a part of their world tour, so I felt really lucky to be there. It was dark when it started as it was a big party because we couldn't see a thing! Then the lights came on and the drummer, Doms, started playing, and soon Matt Bellamy and Chris Wolstenholme were on the stage playing their guitars and singing one of their most popular songs! It was amazing! Sabrina, 25

When I heard Coldplay were coming to Sydney for a concert, I was thrilled! During the song 'Fix You', Chris Martin jumped off the stage and started running through the crowd! Everybody went wild! Suddenly, I saw him coming towards me. I shouted, 'He's coming!' That was all I could think of! He said, 'Thank you!' and smiled. I've never had a more exciting day in my life! I've decided to go to one of their concerts next summer, even if it's on the other side of the world. I haven't bought tickets yet, but I will! It will be great if I have a similar experience to the one I had there! Piers, 28
