The screenshot shows an email client window with a menu bar (Message, Edit, Search, Utilities, Spell Checker, Privacy, View, Options) and a toolbar. The email header is as follows:

Subject:	Travelling

The email body contains two paragraphs:

I had a chance to visit Wales on my last holiday. I came across a red dragon — the oldest symbol of Wales everywhere. Holidaymakers love the beautiful Welsh beaches, and the mountains of Snowdonia are popular, too. There are some ancient castles which are also big tourist attractions. A popular musical instrument in Wales is the harp<sup>1</sup>. Welsh people like singing and organising music festivals. The Welsh are crazy about rugby. It's their national sport. There is a fantastic stadium in Cardiff.

I was surprised when I learnt that there are two official languages in Wales, Welsh and English. Children study Welsh at school. Road signs are usually in Welsh and English, too.

At the bottom of the window, there is a status bar with the text "1:1 Modified Stream Insert" and a language indicator "Cyrillic (Windows-1251)".
